"My Free Time Activities with my Family and my Friends"

"Hello! My name's Johnny. I'm thirteen years old and I live in England. I just want to talk about how my friends and I spend our free time. My best friends are Tom and David. They are in the same class as me. Teenagers complain they're bored and have nothing to do. I can't understand them. I'm never bored. If the weather is nice, we go for a walk or we ride our bikes. All of us love rollerblading. We play football, basketball or Frisbee in the park and when it is rainy, we go to the sports center. Here we play table tennis or

go swimming.

If you play a musical instrument, it's a good fun! I play the guitar and practice a lot.

At home I listen to music or read magazines and books. Of course, as other teenagers I surf on the Internet or play computer games – but not always! It's a pity that a lot of teenagers live their lives on several public sites like Facebook or Twitter! They had better make real friends!

In the evenings I watch TV and sometimes I invite my friends over for dinner or a cup of tea and we play chess or cards.

At the weekend we go hiking, fishing or we go to the cinema with my family. We like comedies."

I. Answer the next questions about the context of the text "My Free Times Activities with my Family and My Friends" with the proper information about it.
